INTRODUZIONE

Salve! Sono Fabio Baradello. Mi piace definirmi un Maker e Creativo, fin da ragazzo ho amato scienza e arte cercando di farle convivere. Ho studiato da prima Fisica, poi mi sono lanciato nella costruzione di una carriera nel Graphic Design ed ora lavoro come libero professionista nel campo.

Nel mio lavoro e nella vita sono preciso, disponibile e intraprendente. "Fare ora, fare bene, fare lietamente" è un motto che mi accompagna sempre, insieme alla voglia di creare, imparare ed evolvere.
